2. A small number of users are responsible for generating large volumes of traffic on our network, which can impact the service we offer to our other customers. The Fair Usage Policy is designed to ensure that all of our customers receive a fast and reliable service.

3. Best effort Download/Upload Fair Use speed will apply to the applicable data volume as set out in each data service plan product description. Fair Use Policy downgraded speed will commence once a customer depletes the included data volume as set out in the specific C Service Plan Fair Use Policy. If the customer reaches the Fair Use Bundle Limit as per the selected package before end of the Bill Cycle, data speed is downgraded to 384 Kbps when connected the 3G network and 512 Kbps when connected to the 4G network. Data used when customers reached their Fair Use Policy or their Turbo Boost Fair use policy is free of charge, except when roaming.

4. Customer can buy Turbo Boost to upgrade to the original Fair Use data speeds via USSD (*682#) or SMS (682 or 147) or call the Call Centre and visit MTC MobileHomes.

5. Turbo Boost amount is deducted from the customer's available Monthly usage Limit.
